

China Starwin CC30 & CL30

Mobile Satellite TV Antenna

General Description of mobile satellite TV antenna CC/CL30

China Starwin CC30/CL30 Mobile Satellite TV antenna is the innovative mobile satellite solution that provides live satellite TV to campers, buses, trains and other vehicles, while in moving or in static state.

This mobile satellite TV antenna combines advanced navigation attitude system and servo control system perfectly, making the antenna fast and accurately track to the satellite, and keeping the good stability when watching television programs in the vehicle that is running on the highway.

Features of mobile satellite TV antenna CC/CL30

- Full band 10.7-12.75GHz
- Dual-pol output V/H or RHCP/LHCP
- Phased array antenna technology
- Low profile H196mm
- Built-in receiver, GPS and embedded motorized tracking system
- Stabilized platform with precision tracking
- Anti-power surge and lightning protection design

Technical Specification:

Item	CC30	CL30
Working Frequency	11.7-12.2 GHz	10.7-12.75 GHz
Gain	30.5 dBi	
Antenna Type	Horn Array Antenna	
Min. EIRP	50 dBW	
Polarization	LHCP & RHCP	VLP & HLP
Stabilization Mode	2-Axis	
Azimuth	Unlimited	
Elevation	0-90°	
Acquisition Time	≤30S	
Tracking Rate	100°/S	
Power Supply	+10-26 VDC	
Power Consumption	<30W	<35W
Working Temperature	-25°C - 65°C	
Humidity	0 - 98%	
Waterproof Level	IP66	
Size	D:24.72", H:7.72" D:628mm, H:196mm	
Weight	Net weight 12kg Gross weight 15kg
